The promotion will commence on June 20, 2000 and end on March 31, 2001. Enrollment will conclude on December 30, 2000. Facilities provisioned under this promotion must be in the AT&T provisioning system by January 15, 2001 and must have a customer requested installation date on or before February 28, 2001.

Customers who subscribe to AT&T Digital Links DOD Service, will pay a monthly recurring DOD flat rate usage fee of \$250.00 per T1.5 facility or \$21.55 per DSO facility for one month of DOD usage commencing with the provisioning date to the T1.5. The customer will pay the flat rate charge for every T1.5 or DSO facility designated for AT&T Digital Link DOD, DID, MLN or 8YY service. If DSO level Flat Fee service is selected, DSO facilities will be channelized as a separate trunk group. The customer will allow AT&T to review customers local usage and increase the number of flat rate usage fees, if it appears the customer is using more **DS0s** or **DS1s** than they are paying for under the flat rate plan.

Unless the customer notifies AT&T in writing at least thirty (30) days prior to December 31, 2000, at the expiration of this promotion the customer will revert to the then tariffed AT&T Digital Link Service monthly flat rate charge. If no such charge is tariffed at that time, the customer will be charged the then tariffed per minute rates.

**AT&T Digital Link Flat Fee Thrifty Calling Promotion**

This promotion is available to new and existing AT&T Digital Link customers except customers who subscribe to AT&T Digital Link in conjunction with AT&T **CustomNet** Service provided under this Company's Custom Network Services tariff. The promotion will commence on August 20, 1999 and end on September 30, 2000. Enrollment will conclude on June 30, 2000. Facilities provisioned under this promotion must be in the AT&T provisioning system by July 15, 2000 and must have a customer requested installation date on or before September 30, 2000.

Customers who subscribe to AT&T Digital Link's DOD Service, will pay a monthly recurring DOD flat rate usage fee of \$295.00 per T1.5 facility or \$24.60 per DSO facility for one month of DOD usage commencing with the provisioning date to the T1.5. The customer will pay the flat rate charge for every T1.5 or DSO facility designated for AT&T Digital Link DOD, DID, MLN or 8YY service. If DSO level Flat Fee service is selected, DSO facilities will be channelized as a separate trunk group. Enrollment in this promotion does not affect the Customer's responsibility for AT&T Digital Link's non-recurring or monthly recurring charges.

The customer will allow AT&T to review customers local usage and increase the number of flat rate usage fees, if it appears the customer is using more **DSOs** or **DSIs** than they are paying for under the flat rate plan.

Unless the customer notifies AT&T in writing at least thirty (30) days prior to September 30, 2000, at the expiration of this promotion the customer will revert to the then tariffed AT&T Digital Link Service monthly flat rate charge. If no such charge is tariffed at that time, the customer will be charged the then tariffed per minute rates.

**AT&T Digital Link  
Deal of the Century Promotion**

**RECEIVED**

**PUBLIC SERVICE  
COMMISSION**

AT&T will offer this promotion to all new or existing AT&T Digital Link customers between February 15, 1999 and April 30, 1999. This promotion will provide the customer a usage credit based on a minimum of \$500 in new AT&T Digital Link Local usage. The credit will appear on the customer's bill by September 2000. Customers will also receive a \$1200 credit, per T1.5 installed for use with AT&T Digital Link Service with DID during the promotion period. The credit is payable in the 2nd month **after** installation and enrollment in this promotion.

Specifically, customers need to meet a \$500 threshold, which is based on new AT&T Digital Link and or dedicated IntraLATA (gross) usage compared to a baseline. AT&T will compare the customer's average monthly AT&T Digital Link Direct Outward Dialing (DOD) Service usage per location during the months of October, November and December 1998 ("baseline usage") with the customer's actual AT&T Digital Link DOD Service usage for that location during the customer's benchmark months. The benchmark months for customers subscribing to both AT&T Digital Link DOD Service and either Direct Inward Dialing (DID) or Main Listed Number (MLN) Service will be October 1999, January 2000 and March 2000. The benchmark months for customers subscribing to only AT&T Digital Link DOD Service will be October 1999 and March 2000. If the amount of AT&T Digital Link DOD Service usage (and / or Dedicated IntraLATA usage) in any one of the customer's benchmark months is at least \$500 greater than the customer's baseline usage, the customer will be entitled to receive a one time AT&T Digital Link credit under this promotion.

The customer's credit will be the amount of the customer's AT&T Digital Link DOD Service usage for qualifying locations for the customer's benchmark months, minus any volume or other discounts attributable to that usage in an AT&T interstate tariff.

Customers who discontinue AT&T Digital Link service prior to September 2000 forfeit any credit under this promotion.
